R Markdown

short course in R

Presenter: Saghir Bashir (FCUL)

Session 7: 13:00-16:30, Friday 14 June, Room 6.4.31

Summary:

R Markdown Workshop

We have been using R markdown during the workshops. However, there is much more to R markdown than we have encountered from creating presentations to writing books and articles. In this workshop we learn about:

- R markdown language
- Creating HTML Presentations
- Writing articles with R markdown
- Formatting tables for nicer presentations

By the end of the workshop you will be able to create your own R markdown documents and understand how to use them as part of your work.

Prerequisites:

- Laptop (battery fully charged is strongly recommended)
- the latest version of R (<https://cran.r-project.org>)
- the latest version of RStudio (<https://www.rstudio.com/products/rstudio/download/>)
- the latest version of git (<https://git-scm.com/downloads>)
- An account on <https://github.com/>

Registration form: <https://forms.gle/zegR8kHBomct1rSS6>

Organization: [Mestrado em Bioestatística](#), with the support of DEIO and CEAUL
