Conferência

IMS International Conference on Statistics and Data Science (ICSDS)

18 - 21 December 2023, Centro Cultural de Belém, Lisboa

Important dates:

Early registration: **Sep. 15, 2023.**

Abstracts for oral (both invited and contributed) and poster presentation submissions: **Nov 1, 2023.**

Travel awards available for students: **Aug 25, 2023.**

Local organization by the Centre of Statistics and its Applications ([CEAUL](#))

Supported by the Portuguese Statistical Society ([SPE](#))

The objective of ICSDS is to bring together researchers in statistics and data science from academia, industry, and government in a stimulating setting to exchange ideas on the developments of modern statistics, machine learning, and broadly defined theory, methods, and applications in data science. There will be a student paper award competition, in addition to plenary sessions, and invited, contributed, and poster sessions. Young researchers are particularly encouraged to participate, as a portion of the invited sessions will be designated for young researchers.

Congresso

CONGREGA 2024: 1st Ibero-American Congress on Engineering Asset Management

3 - 5 July 2024, Lisboa

Important dates:

Early registration: Jan 1, 2024.

Deadline for submission of abstracts: Oct 30, 2023.

The 1st Ibero-American Congress on Engineering Asset Management & 2nd Portuguese Congress on Engineering and Asset Management (CONGREGA 2024), has as its central theme "**Sustainable and Digital Innovation in Engineering Asset Management**". CONGREGA 2024 aims to accelerate collaboration between industry and academia to address challenges related to short- and long-term capital investment planning, maintenance strategies, operational plans, and asset disposal, leading to the maximization of the value realized from these assets.
